SPECIAL TRAIN OF THRASHERS RUSHED TO CANADA

Enormous Value and Volume of Wheat Crop in Western Provinces

A special train of 50 freight cars, loaded with thrashing machines and escorted by a special corps of trainmen, is hurrying over the Chicago and Northwestern Road from Chicago to Western Canada to help harvest the 400,000,000-bushels grain crop in Manitoba, Saskatchewan and Alberta, says the Chicago Evening Post.

So urgent is the demand for harvesting machinery there that the special was given right-of-way over other freight trains. It came to Chicago over the Lake Shore, direct from the M. Rumley & Co. factory at Laporte, Ind. The North Western will carry it to Duluth, and from Duluth it will go over the Canadian Northern, through Fort Frances, to Winnipeg. From Winnipeg the machines will be distributed as rapidly as possible, from twenty to thirty cars going to the Regina district, where the cutting of an unusually big wheat crop is nearly completed.

The grain crops of the three western prairie provinces this year is estimated at 200,000,000 bushels of wheat, 170,000,000 bushels of oats, 30,000,000 bushels of barley and 9,000,000 bushels of flax. It will require 400,000 freight cars to transport it from the country to the elevators.

Western Canadian bankers are figuring the wheat crop will bring at least \$235,000,000 into the country and that the other grains will bring the total up to \$300,000,000. Practically all of this will be put in immediate circulation.

A Great Advantage to Working Men

J. A. Madle, 125 S. 7th St., Steubenville, O., says: "For years I suffered from weak kidneys and a severe bladder trouble. I learned of Foley Kidney Pills and their wonderful cures so I began taking them and sure enough I had as good results as any I heard about. My backache left me and to one of my business, expressman, that alone is a great advantage. My kidneys acted free and normal, and that saved me a lot of misery. It is now a pleasure to work where it used to be a misery. Foley Kidney Pills have cured me and have my highest praise."

In the play Judge Andrews is corrupted by the night riders, who bribe him handsomely to render decisions favorable to their interests in the tobacco war in Kentucky. Farmers Need It

The progressive farmer is regarded as the TYPE of independence. He lives well, has practically everything he wants, and has money in the bank. Do you know what made the successful farmer? Why, it was simply the application of business principles and methods to agriculture. If you are a farmer and haven't a business education, you are simply making old Mother Earth give you a bare living, when she ought to yield you a surplus. Apply business principles—bookkeeping, etc.—to your farming operations, and you will be astonished to see how much more can be done by a little FIGURING than by a lot of SWEATING. For catalogue, address Draughon's Practical Business College, Nashville, Tenn., or Paducah, Ky., or Evansville, Ind., or Washington, D. C.

Sure Premonitions.

The utter uselessness of premonitions is shown in this: That even if true they are of no help; they do not fortify us to meet calamity, but weaken us and render us feeble to resist misfortune. And if trouble is coming, the best way to meet it is with a stout heart and a brain unfogged by the nonsense of dread.

Society Happenings

For Miss Bourland

Tuesday evening Miss Minnie Bourland was the honor guest of a delightful dinner party given by her sister, Mrs. Geo. Mothershead, at her home on West Main street.

The choicest delicacies were served in courses, the table being decorated with American Beauty roses with a bud for each guest. The unique favors contained little gifts, each a pleasant surprise. The evening was spent in lively conversation and in fortune telling, the fitness of some of them causing peals of laughter.

Those who enjoyed the hospitality of this charming family, were:

Misses Minnie Bourland, Mary Mothershead, Ethel Evans, Ruby Sisk, Sue M. Willis, Katie Murrell and Mrs. Stella M. Kemp.

Everybody is liable to "catch cold" but those who give a cold proper attention never have serious lung diseases. It is neglect that makes them serious. Prudent persons use BALLARD'S HOREHOUND SYRUP as soon as the trouble appears and the cold is cured at once. Price 25c, 50c, and \$1.00 per bottle. Sold by St. Bernard Drug Store.

McNamara must be tried in Los Angeles and not at Indianapolis, from which city, it was charged, he had been kidnapped.

Clark—Not Taft

"I did it: not the President," says Champ Clark of the Reciprocity Bill. Of course it was Clark—not Taft—who carried on the long and difficult negotiations with Canada that made possible the first formulation of the treaty.

Of course it was Clark—not Taft—who launched the reciprocity idea into the national political arena with a dramatic effect that made ratification almost a certainty from the start.

Of course it was Clark—not Taft—who finally affixed to the treaty the signature that gave it life.

But was it not also Clark—not Taft—who made the blazing break of announcing to the world that Reciprocity meant annexation—a break that almost blocked the preliminary negotiations and is even now working powerfully against ratification in Canada.—Chicago Evening Post.

A Great Difference.

In a spread-eagle speech on the immortality of the soul, an orator exclaimed: "I looked at the mountains, and could not help thinking, 'Beautiful as you are, you will some day be destroyed, while my soul will not.' Then I gazed upon the ocean, and cried out, 'Mighty as you are, you will some day dry up, but I never will!'"

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on the prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

Taft and Peace Treaties

The country is solidly behind President Taft in his careful and courageous efforts to lessen the possibilities of international war. That "complete" arbitration treaties between the United States, England and France will do this, no man in his senses can well deny. It even one brief armed conflict shall be avoided through the machinery provided in these treaties the triumph of Mr. Taft will be greater than any triumph that was won at San Juan Hill.—Chicago Evening Post.

Stone in Bladder Removed Without Surgical Operation

In the Spring of 1904, I was confined to my bed with kidney trouble and thought that I would never recover. I took a lot of medicine but did not realize any benefit from anything. I finally saw Dr. Kilmer's Swamp-Root advertisement and sent for a sample bottle and thought the sample bottle helped me, so I bought more of the medicine from my Druggist, and after using a few bottles discharged a very large stone from my bladder. After passing this stone my health was very much improved and I have been able to continue my business without any serious sickness.

J. L. KNOWLES,

Headland, Ala.

Personally appeared before me this 8th day of September, 1909, J. Loftus Knowles who subscribed the above statement and made oath that the same is true in substance and in fact.

A severe attack on school principal, Chas. B. Allan, of Sylvania, Ga., is thus told by him. "For more than three years," he writes, "I suffered indescribable torture from rheumatism, liver and stomach trouble and diseased kidneys. All remedies failed till I used Electric Bitters, but four bottles of this wonderful remedy cured me completely." Such results are common. Woman's Danger Periods Made Safe

By Lydia E. Pinkham's Vegetable Compound

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Here is proof:

Natick, Mass.,—"I cannot express what I went through during the Change of Life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold. I had creepy sensations and could not sleep nights. I was finally told by two physicians that I had a tumor.

"I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it has worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish this letter."—Mrs. Nathan B. Groaton, 51 No. Main St., Natick, Mass.

ANOTHER SIMILAR CASE.

Cornwallville, N. Y.,—"I have been taking Lydia E. Pinkham's Vegetable Compound for some time for Change of Life, nervousness, and a fibroid growth.

"Two doctors advised me to go to the hospital, but one day while I was away visiting, I met a woman who told me to take Lydia E. Pinkham's Vegetable Compound. I did so and I know it helped me wonderfully. I am very thankful that I was told to try Lydia E. Pinkham's Vegetable Compound."—Mrs. Wm. Boughton, Cornwallville, N. Y., Greene Co.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as those above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

Will See Circus at Hopkinsville

Thousands From This Section to
Visit Forepaugh and Sells
Brothers' Show

Thousands of people from Hopkinsville and immediate neighborhood will see Forepaugh and Sells Brothers' big circus at Hopkinsville, on Thursday, Sept. 28. Transportation lines are preparing for the day and the indications points to a great circus event.

The Forepaugh and Sells Bros' organization this season is remarkably attractive, more so than ever before in its fifty years of travel. The performance is being given by the world's 400 best artists, the menagerie has been newly reorganized and the forenoon parade is a masterpiece of pageantry. The thrillers of the show are the double somersaulting automobile, the Ty-Bells "Human Butterfly" act and the sensational wild riding of the Pajara family of Gypsies.

Capt. Webb's two troupes of riding and juggling seals, Taylor's wonderful monkey and dog circus, the Hines-Kimball troupe of acrobats, the Alvo, the Alpine and the La Fayette families of aerialists and the fifty funniest clowns on earth are a few of the more prominent features. There are over 100 big acts, all novelities and the entire show is newly equipped and costumed. Over \$2,000,000 has been spent in building the new outfit and the result is dazzling.

For many years the Forepaugh and Sells Brothers' circus has been the pattern of excellence. This year it is vastly improved and enlarged. It now travels on a train more than 1 mile in length. Its many tents cover ten acres of grounds and it gives employment to 1,124 men, women and children. In the menagerie are 728 of the rarest specimens of animal life and in the canvas stables are 550 of the finest horses in the world. The parade equipments was all built last winter in the foreign workshops of the show near Liverpool. The work was done by the best artists, designers, sculptors and spectacles builders of France and Italy.
